Always use recommended oils

For less smoke, use oils with a high smoke point—like canola, avocado, vegetable, or grapeseed oil—instead of olive oil. If you choose to cook ingredients at a higher temperature than recommended, it may result in more smoke and food having an burnt, acrid flavor.

Cooking best practices

No two pieces of protein are alike, and, for that reason, they'll never cook the same. That's why we recommend paying close attention to the sizes of meat listed in our cooking charts. Here are some more tips to ensure a great cooking experience.

Reasons meat cooks differently

Cut size

Proteins come in different shapes and sizes, which require different cooking times, so you may need to increase or decrease the recommended chart cook times to achieve desired doneness.

Meat temperature

For your convenience, cooking charts were created for use with cold meat, straight from the fridge.

For even juicier results

If time permits, let meat come to room temperature before cooking for a more juicy center. (We recommend reducing chart cook time by 2 minutes in this case.)

Carry-over cooking

This occurs when meat continues to cook after it's removed from the grill. For the best results, we recommend removing meat 5°F before actual desired doneness. See the chart below.

FOOD	COOK TO INTERNAL TEMP OF:	CARRY-OVER COOK TO INTERNAL TEMP OF:
Fish	140°F	145°F
Poultry	165°F	165°F or higher
Pork	140°F	145°F
Steak		
Rare	120°F	125°F
Medium Rare	130°F	135°F
Medium	140°F	145°F
Medium Well	145°F	150°F
Well Done	155°F	160°F
Ground Beef	155°F	160°F or higher
Ground Pork	155°F	160°F
Ground Poultry	160°F	165°F

For juicy and tender results, allow protein to rest for 5 minutes after cooking. For roasts, half chickens, and large steaks, it's best to let them rest for 10 minutes.

The importance of a meat thermometer

For best results, use a digital food thermometer to accurately measure internal temperature of protein.

Insert thermometer into center-most, thickest part of protein. If protein is bone-in, insert it very close to (but not touching) the bone.

Because the Fodi™ Grill cooks at high temperatures, proteins can overcook quickly. It's best to monitor the internal temperature of meat, especially during the later stages of cooking.

Flavor-Building 101

Pumped-Up Marinades, Zesty Spice Rubs, and Elevated Dipping Sauces

For the following recipes, add all ingredients to a bowl and mix well.

These marinades and spice rubs call for coarse kosher salt—ensure you use that, and not fine-grain iodized salt.

Use spice rubs liberally. Season meat or vegetables generously and let sit at room temperature for 30 minutes before grilling—this will promote evenness and faster cooking.

Frozen to char-grilled

When grilling frozen meats, baste them liberally and consistently with the marinade of your choosing.

To get the best textures and flavors from frozen meat, season it with your favorite spice rub before grilling.

INGREDIENTS

2 tablespoons all-purpose flour, plus more as needed
1 store-bought pizza dough (6 ounces)
1 tablespoon canola oil, divided
1/2 cup pizza or alfredo sauce
1 cup shredded mozzarella cheese
1/2 cup ricotta cheese
12-15 pepperoni slices, optional
Dried oregano for serving, optional

- 4 Brush the surface of the rolled-out dough evenly with 1/2 tablespoon canola oil. Flip dough over and brush with remaining 1/2 tablespoon oil. Poke dough with a fork 5 or 6 times across its surface to prevent air pockets from forming during cooking.
- 5 When the unit beeps to signify it has preheated, place dough on the grill grate. Close hood and cook for 4 minutes.
- 6 After 4 minutes, flip dough, then spread sauce evenly over the dough. Sprinkle with cheese and pepperoni slices, if desired.
- 7 Close hood and continue cooking for the remaining 2 minutes, until cheese is melted and pepperoni slices begin to crisp.
- 8 When cooking is complete, allow to cool slightly and top with dried oregano, if desired, before slicing.

INTERMEDIATE RECIPE ●●○

PREP: 20 MINUTES | **PREHEAT:** APPROX. 8 MINUTES | **COOK:** 28 MINUTES | **COOL:** 20 MINUTES | **MAKES:** 8 SERVINGS

Juice of 1 lemon
8 cups cold water
8 Granny Smith apples, peeled, cored
cut in quarters, divided
1½ cups raspberries, rinsed
¼ cup plus 1 tablespoon dark brown sugar, divided

¼ cup plus 1 tablespoon granulated sugar, divided
½ teaspoon ground cinnamon
½ teaspoon ground ginger
3 tablespoons all-purpose flour
½ cup applesauce
1 frozen pie crust, defrosted
Ice cream, optional, for serving

DIRECTIONS

- 1 Combine lemon juice, water, and apple slices in a bowl. Let slices soak for 10 minutes, then remove them from the water and pat very dry.
- 2 Insert grill grate in unit and close hood. Select GRILL, set temperature to MAX, and set time to 8 minutes. Select START/STOP to begin preheating.
- 3 While unit is preheating, dice 8 of the apple slices; set them aside. In a mixing bowl, toss remaining slices with 1 tablespoon dark brown sugar and 1 tablespoon granulated sugar, covering all slices evenly.
- 4 When the unit beeps to signify it has preheated, place slices tossed with sugar on the grill grate and cook for 8 minutes. Do not flip slices during grilling.
- 5 Meanwhile, combine raspberries, remaining dark brown sugar, remaining granulated sugar, cinnamon, ginger, flour, applesauce, and diced apples in a mixing bowl.
- 6 When cooking is complete, gently fold grilled apples into the ingredients in the mixing bowl.
- 7 Pour mixture into the Ninja® multi-purpose pan* (or an 8-inch baking pan), spreading evenly. Lay pie crust over the top and pinch around the edges to ensure it adheres to pan. Using a knife, cut several Xs in the dough so steam can escape during baking.
- 8 Remove grill grate from unit. Select BAKE, set temperature to 350F, and set time to 20 minutes. Select START/STOP to begin preheating.
- 9 When the unit beeps to signify it has preheated, place pan directly in pot. Close hood and cook for 20 minutes.

TIP For an extra-golden crust, brush before and during cooking with ¼ cup heavy cream mixed with an egg yolk.

*The Ninja multi-purpose pan is sold separately on ninjaaccessories.com.
