## CLEANING

**Dishwasher:** The containers, lids, and blade assemblies are all dishwasher safe. The lids and blade assemblies are top-rack dishwasher safe. Ensure the blade assemblies are removed from the containers before placing in the dishwasher.

**Hand-washing:** Wash containers, lids, and blade assemblies in warm, soapy water. When washing the blade assemblies, use a dishwashing utensil with a handle to avoid direct hand contact with blades. Handle blade assemblies with care to avoid contact with sharp edges. Rinse and air-dry thoroughly.

**Touchscreen:** Clean touchscreen with a soft material to avoid scratching. To remove residue from the screen, you may use an all-purpose cleaner.

**WARNING:** Always unplug your blender base before cleaning.

**WARNING:** Handle the blade assemblies with care when washing, as the blades are sharp. Contact with the blades' edges can result in laceration.
